What ANANTAM is ?

ANANTAM is not just an event; it's a celebration of the future, a fusion of the digital and the tangible, and a testament to the limitless possibilities that technology brings. The cyberpunk theme infuses an aura of futuristic brilliance into every aspect of our event, from coding competitions to robotics battles, thought-provoking speaker sessions, and creative challenges that push the boundaries of what's possible.

In a world where neon lights illuminate the path to progress, where the virtual and the real seamlessly blend, ANANTAM stands as a beacon of inspiration. It is a place where ideas are born, collaborations flourish, and the seeds of innovation are planted. Here, we don't just celebrate technology; we embrace the future it holds and the impact it can make.

The Campus Awaits you...

B. K. Birla Institute of Engineering & Technology is one of the premier industry-oriented and application-driven institutes in India. Shree Krishnarpan Charity Trust, under Chairmanship of renowned industrialist Mr Basant Kumar Birla, set up BKBIET, in 2007.

ବିରଳୀ ଇନ୍ଡ୍ରୋଜିନ୍ୟୁଲେଜ୍

Events Showdown

ANANTAM 2024 promises an exhilarating four-day journey into the future. Featuring a 4-day hackathon, engaging tech challenges, and activities.

ANANT NETRUNN

Collaborate and innovate in a 4-day coding marathon to solve real-world challenges.

ROBOWAR

Unleash mechanical warriors in an intense battle of engineering, strategy, and robotic prowess.

ESPORTS STREET

Immerse yourself in the virtual world, competing in thrilling esports challenges.

ANANT INSIGHT SYMPOSIUM

ANANT INSIGHT SYMPOSIUM is a series of speaker sessions, consisting of a sequence of presentations and conversations led by eminent speakers from diverse domains.

DALAL STREET

Learn finance through a stock market simulation game, strategizing for financial success.

BID BOUNDARIES

Engage in strategic bidding for players, creating your team for victory like in the IPL.

CODE CRUNCH

Showcase algorithmic expertise in a challenging contest of problem-solving skills.

PIXEL PERFECT

Bring your creativity to life in a fast-paced competition of website design perfection.

BINARY BRAINS

Test your technical knowledge and compete in a battle of wits on various tech topics.

MANGA MANIA

Immerse yourself in the world of anime, answering questions that span the entire spectrum.

FRAMEFLIX

Showcase your storytelling skills through motion and still picture creations.

BLIND DATE

Test your coding prowess by writing code without looking, aiming for accuracy and speed.

ANANT NETRUNN

ANANT NETRUNN is the 4-Day Hackathon, an immersive coding event enabling participants to collaborate, innovate, and devise practical solutions using technology within a limited timeframe. This competition serves as an avenue for students to employ their technical expertise in tackling real-world challenges, emphasizing teamwork, creativity, and our dedication to nurturing innovation.

Team Formation: Each team must consist of at least two participants and a maximum of four individuals.

Rules:

- Each team will be presented with a set of real-world challenges or themes to choose from in two categories: hardware and software.
- Teams are expected to develop a working prototype of the solution within the 4-day duration.
- For the hardware category, participants need to create a physical prototype. Judges will evaluate the projects based on innovation, functionality, and presentation.

Registration Fees: Rs. 599/- per team in each category.

ROBOWAR

ANANTAM

ROBOWAR

ROBO-WAR is an exciting robotics competition where teams design and build combat robots that engage in thrilling battles within an arena. This event tests engineering skills, strategy, and teamwork. The event spans two days, with the first day featuring a robot race and day two bringing the epic showdown battle. The Robo-Battle emphasizes the practical application of engineering skills, teamwork, and strategic thinking, aligning with our college's commitment to fostering technical excellence.

Team Formation: Each team must consist of at least two participants and a maximum of four individuals.

Rules:

- Robots are built to engage in combat, and the last robot standing or the one that incapacitates its opponents wins the battle.
- There are specific rules for robot design and combat safety to ensure fair and safe competition.

Registration Fees: Rs. 599/- per team in each category.

[ES]S
ESPORTS
STREET

FINANTIA

ESPORTS STREET

ANANTAM 2023-24 presents E-Sports Street, an adrenaline-packed platform for the ultimate virtual gaming experience. Dive into a dynamic arena featuring the most thrilling esports titles, including BGMI, Free Fire, Valorant, and CS:GO. Whether you're a seasoned gamer or just starting, E-Sports Street promises non-stop action, intense battles, and a chance to showcase your gaming prowess.

E-sports Street delivers value by creating a community-driven space for gamers. Engage in friendly competition, discover new titles, and foster camaraderie within the gaming community.

Participation: Open to coding enthusiasts seeking a thrilling and unconventional challenge, the BLIND DATE invites participants to embrace the excitement of coding without visual cues, adding a layer of complexity to the traditional coding experience.

Rules:

- Adhere to fair play and sportsmanship.
- Specific rules for each game will be outlined during the event.

Registration Fees:

- Valorant (PC): 499 Per Team
- CSGO (PC): 499 Per Team
- BGMI (Mobile): 399 Per Team
- FREE FIRE (Mobile): 399 Per Team

A man in a suit stands behind a podium in a futuristic laboratory. He is looking towards a large screen displaying a detailed 3D model of a human torso with internal organs. A massive, metallic robot stands to his left, and another one is partially visible on the right. The room is filled with advanced equipment, glowing screens, and complex piping.

ANANT INSIGHT SYMPOSIUM

ANANT™

ANANT INSIGHT SYMPOSIUM

ANANT INSIGHT SYMPOSIUM is a series of speaker sessions, consisting of a sequence of presentations and conversations led by eminent speakers from diverse domains, categorized into three themes: technology, administrative/public sector, and non-tech. The Anant Insight Symposium invites you to a dynamic panel discussion featuring industry leaders. Join us for an insightful exploration of the latest tech trends, future innovations, and captivating discussions that promise to shape the future. Don't miss this unique opportunity to gain valuable perspectives from top experts in the field.

Themes:

- Technology Theme: Eminent speakers from the tech industry, MNCs, and institutes like CSIR-CEERI and BITS Pilani share their expertise, insights, and experiences related to cutting-edge technology, innovations, and trends.
- Administrative Theme: Speakers from IAS, IPS, and other services provide valuable perspectives on the administrative and public sectors, discussing policy, governance, and the intersection of technology and the public sphere.
- Non-Tech Theme: Talks in this category explore diverse topics beyond technology, offering a broader perspective on areas such as leadership, entrepreneurship, and creativity.

Participation: Open to all attendees, including students, faculty, and tech enthusiasts.

WE DO CO UP CRUNCH

EVANNTM

CODE CRUNCH

The DSA Competition, CODE CRUNCH, presents a demanding challenge wherein individuals or teams showcase their proficiency in problem-solving and algorithms. This competition fosters problem-solving abilities and encourages strategic thinking in algorithms, in harmony with our college's pledge to excel in academic standards within the realm of technology and computing.

Participation: Open to all with an interest in data structures and algorithms.

Rules:

- Participants solve algorithmic problems within a set timeframe. Solutions are evaluated for correctness, efficiency, and adherence to algorithmic principles.
- Points are awarded for correctly solving problems, with bonuses for optimized solutions.

Registration Fees: Rs. 99/- per person.

DALL
STREET

DALAL STREET

DALAL STREET transcends mere gaming; it simulates an expedition into the intricate and enthralling domain of stock markets. Participants engage as virtual investors armed with virtual capital in a dynamic stock market setting. The essence lies in making strategic decisions—wise investments, adeptly navigating market fluctuations, and striving to optimize the portfolio's value.

Participation: Open to all attendees, regardless of technical expertise, "**DALAL STREET**" encourages a diverse audience to delve into financial concepts, making it an inclusive and educational activity.

Rules:

- Participants receive virtual capital to invest in stocks, and their success is measured by the returns on their investments.
- Prizes await those who demonstrate exceptional strategic acumen and make shrewd investment decisions in this dynamic stock market simulation.

Registration Fees: Rs. 99/- per person.

OPEN
BORDERS

BOUNDARIES

FINANCIAL

BID BOUNDARIES

The concept of BID BOUNDARIES draws inspiration from the dynamic realm of IPL auctions, albeit with a distinctive approach—participants engage in bidding for virtual players. This thrilling game introduces strategic elements, where participants strategically vie for players, aspiring to forge the most formidable team. It not only offers an exhilarating facet of financial literacy but also underscores the significance of strategic decision-making within a dynamic framework.

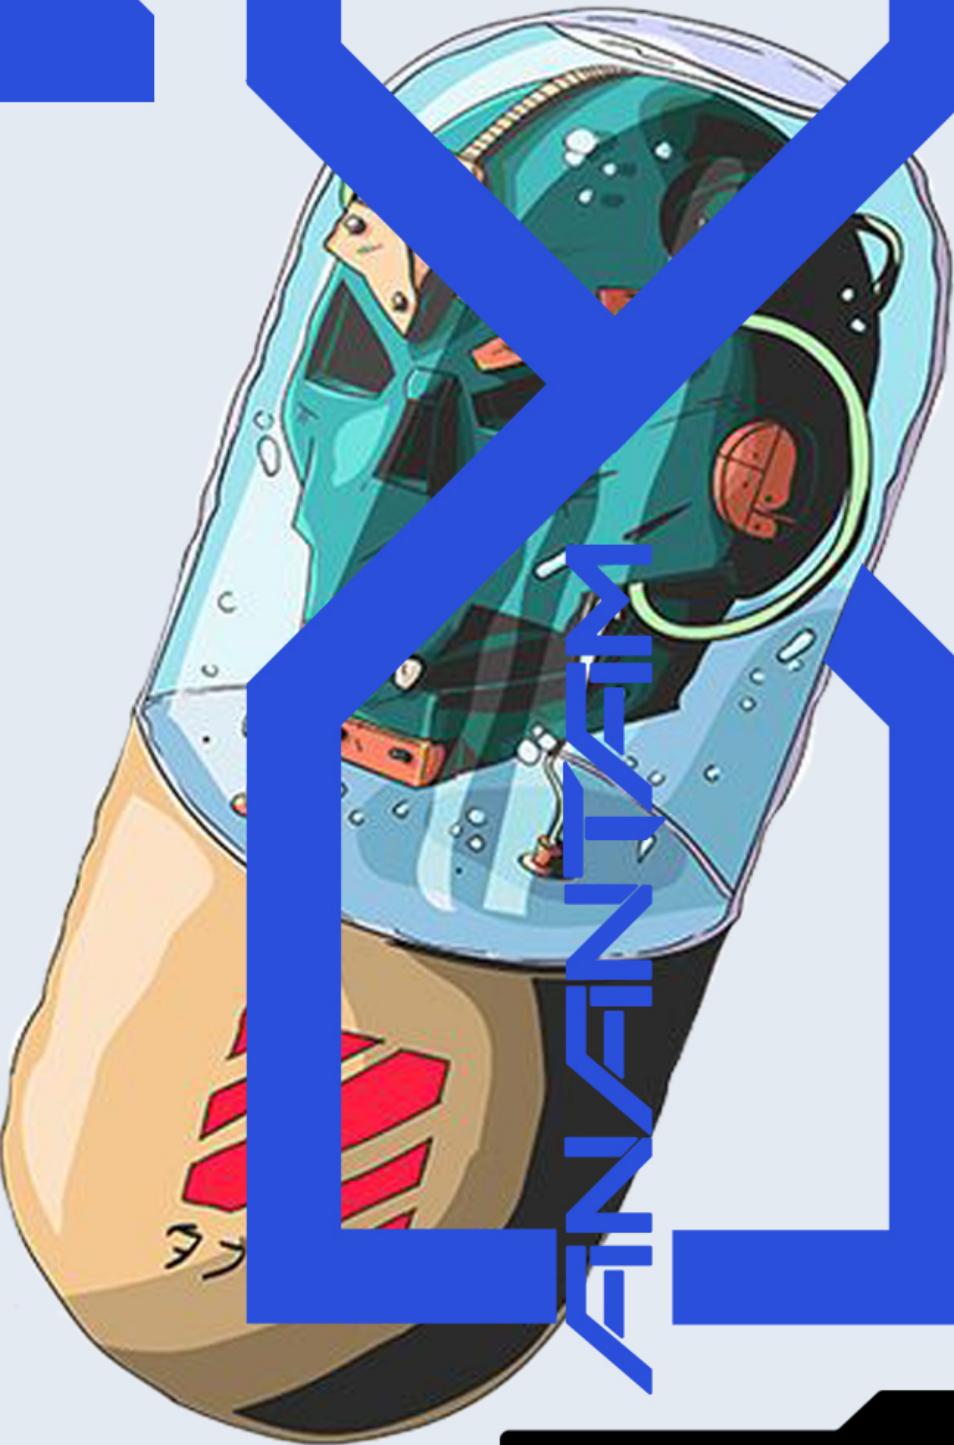

Participation: Open to all attendees in individual participation, "Auction" transforms the concept of player bidding into an engaging and accessible activity, inviting participants to experience the thrill of strategic decision-making.

Rules:

- Participants are given a set of virtual players to bid on, and they compete through strategic bidding using virtual currency.
- The twist lies in the IPL format, where the participant with the highest total stats of all purchased players emerges victorious.

Registration Fees: Rs. 49/- per person.

PIXEL
PERFECT

PIXEL PERFECT

PIXEL PERFECT embarks on a creative exploration into the realm of digital aesthetics and functionality. Participants are encouraged to exhibit their expertise in web design by crafting visually alluring and easily navigable websites. This challenge surpasses technicalities; it's a chance to blend inventive ideas with design, shaping digital encounters that enthrall and motivate. More than just coding, the "Web Design Challenge" revolves around sculpting digital experiences. By fusing technology with design principles, participants delve into user-centric design and pioneering web development.

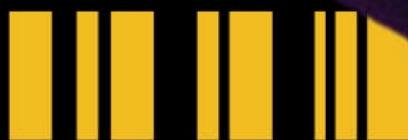

Participation: Open to participants with varying levels of technical expertise, the "Web Design Challenge" is inclusive, encouraging a diverse group of individuals to explore the artistry of web design.

Rules:

- Participants have the freedom to unleash their creativity within specified guidelines. The challenge involves designing a website within a set timeframe, emphasizing both aesthetics and functionality.
- Judges will evaluate entries based on design innovation, user experience, and technical proficiency.

Registration Fees: Rs. 49/- per person.

BINARY
BRAINS

ANANTAM

BINARY BRAINS

The Binary Brains is a cerebral challenge that explores the vast landscape of technology. Participants delve into a series of thought-provoking questions covering a spectrum of technological domains. From coding languages to emerging trends, the quiz is designed to test participants' knowledge and acumen in the ever-evolving world of tech. It is more than a competition; it's an intellectual exploration of the diverse facets of technology.

Participation: Open to tech enthusiasts of all levels, the Binary Brains welcomes participants to engage in a friendly yet competitive environment, fostering a passion for continuous learning in the field of technology.

Rules:

- Participants engage in a series of quiz rounds, each featuring questions of varying difficulty levels. Topics include programming languages, tech history, and current innovations.
- The quiz not only challenges knowledge but also encourages participants to stay abreast of the dynamic tech landscape.

Registration Fees: Rs. 49/- per person.

MANGA MANIA

ANIMETIM

MANGA MANIA

The Manga Mania is a journey into the vibrant and diverse world of anime. Participants test their knowledge of characters, storylines, and the expansive anime universe. From classics to contemporary favorites, the quiz celebrates the rich tapestry of Japanese animation. Beyond a quiz, this event is a homage to the artistry and storytelling magic of anime. Participants connect over shared love for the medium, fostering a sense of community and appreciation for the diverse narratives woven into the anime landscape.

Participation: Open to anime enthusiasts of all levels, the Manga Mania beckons participants to showcase their passion for this unique form of storytelling and artistic expression.

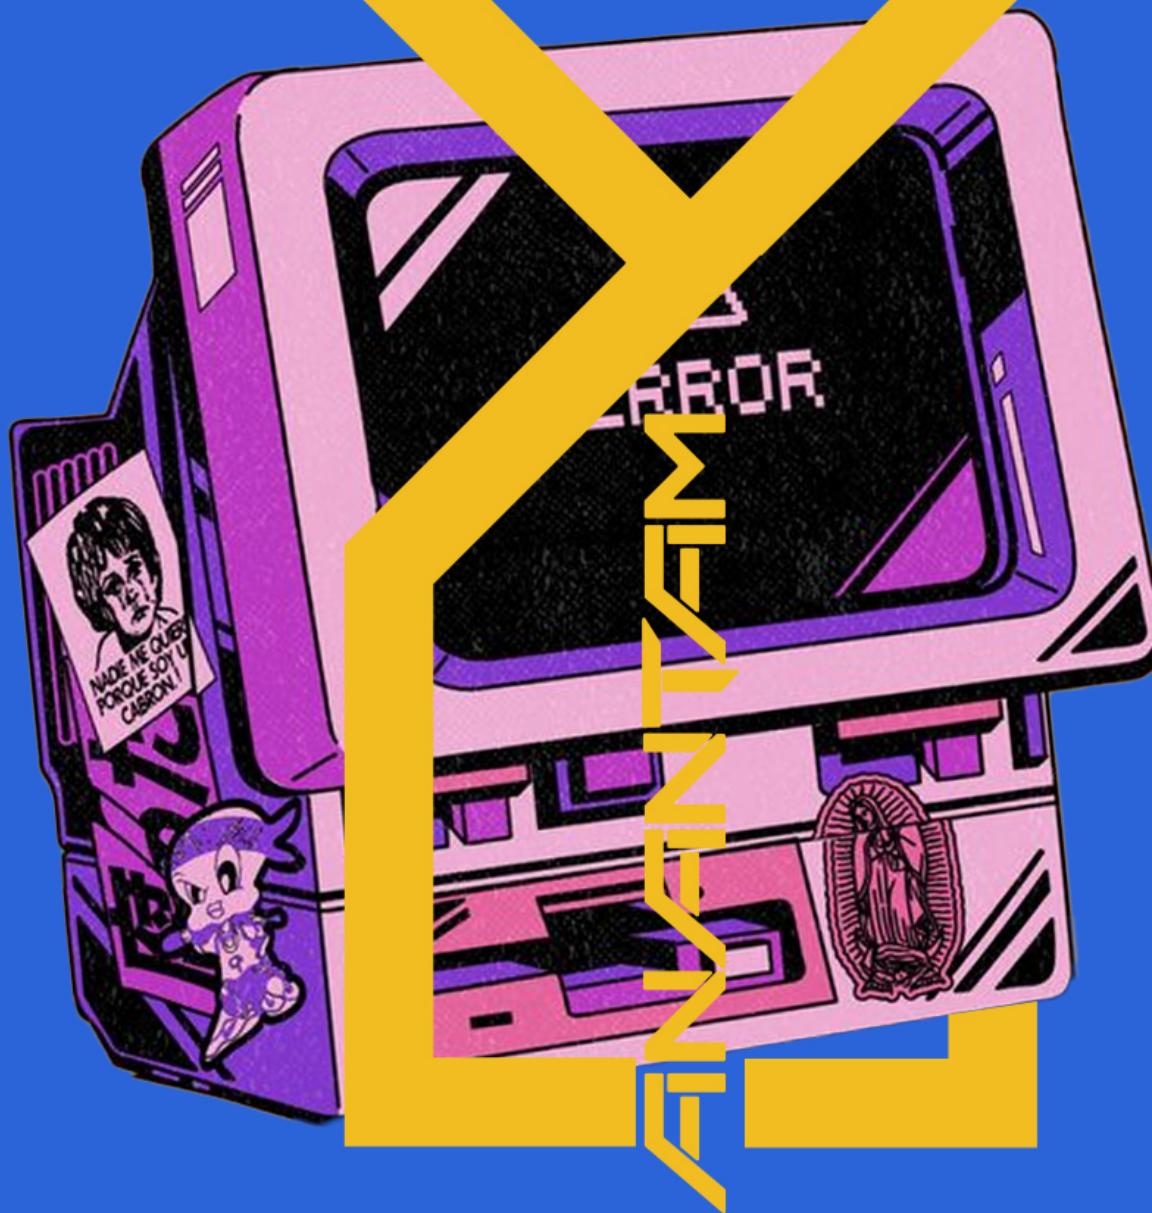

Rules:

- The quiz features rounds that span different genres, eras, and styles of anime. Questions may cover character backgrounds, plot intricacies, and iconic moments.
- Participants not only demonstrate their knowledge but also contribute to the collective celebration of anime culture.

Registration Fees: Rs. 49/- per person.

W//CORP.

BLIND DATE

BLIND DATE

The BLIND DATE transforms coding into a sensory experience where participants showcase their programming prowess without the luxury of visual aids. This unique challenge requires participants to write given code snippets solely based on auditory or tactile cues. With a focus on precision and speed, participants aim to minimize errors and showcase their coding instincts.

The BLIND DATE goes beyond standard coding competitions, providing a dynamic and sensory-rich experience.

Participation: Open to coding enthusiasts seeking a thrilling and unconventional challenge, the BLIND DATE invites participants to embrace the excitement of coding without visual cues, adding a layer of complexity to the traditional coding experience.

Rules:

- **Rules:** Participants are presented with code snippets or programming problems without the ability to see their screens.
- They rely solely on auditory or tactile cues to interpret and write the code accurately. The challenge may involve a speed component, with participants vying for the fastest and most error-free solutions.

Registration Fees: Rs. 19/- per person.

FRAMEFLIX

FRAMEFLIX

The FRAMEFLIX invites participants to unleash their storytelling prowess through the lens, whether in motion or still frames. This dual category competition encompasses both motion pictures and captivating still images. Participants embark on a visual journey, capturing narratives, emotions, and moments in time, turning creativity into compelling visual tales.

Participation: Open to participants with a passion for visual storytelling, FRAMEFLIX is an inclusive platform that welcomes individuals with diverse perspectives and levels of expertise.

Rules:

- In the motion picture category, participants create a short film or video sequence as the "Film of the Fest", while in the still picture category, captivating images are the focus and prizes shall be awarded for "Click of the Day" & "Click of the Fest".
- Entries will be evaluated based on storytelling, cinematography, composition, and overall impact. Participants are encouraged to showcase their unique vision and creativity within the specified guidelines.

Registration Fees: Rs. 19/- per person.

ACCOMODATION

Accommodation & Food Charge of **Rs. 1500/-** per person shall be applicable for all participants seeking to stay in the campus for the duration of the fest for 4 days (8th Jan'24 - 11th Jan'24).

JOIN FORCES WITH US

By becoming our valued partner, you have the opportunity to contribute to the success of diverse events, engage with a vibrant community, and showcase your support for technological excellence. As we unite to create a memorable experience, your partnership will play a pivotal role in shaping the future of this extraordinary tech fest. Let's collaborate to inspire innovation, foster learning, and leave an indelible mark on the tech landscape together.
